Top 10 android mobile phones in india

The screen size camera full spec Note20 Ultra exhibits all of Samsung's cutting edge. So get the best display, fastest Exynos processor and 108MP triple camera stack and promise an all-round premium experience. The S-Pen continues to be unique to smartphones, and there are still main reasons to invest in the Note series. The QHD+ display with a 120Hz refresh rate is a delight for both gaming and work, and the S-Pen helps you take notes and scribble suggestions in presentations, and even use it as a remote shutter. Then there's Samsung's first 8-in-1 pixel binning, outputting rich and detailed 12MP photos from a 108MP primary camera, with a camera that offers 5x optical zoom and ultra-wide shots. The Note20 Ultra is fast thanks to the Exynos 990 SoC, but lacks the performance of Snapdragon variants available in the US. The biggest problem with the Note20 Ultra is battery life. The Exynos variant seems to drain the battery much faster, resulting in about 5 hours of screen-on time on average. Samsung only compensates with a 25W fast charger in the box. Specifications Screen Size: 6.9 (1440 x 3200) Camera : 108 + 13 + 12 | 40 MP RAM: 12 GB Battery: 4500 mAh Operating System: Android Soc: Qualcomm SM8250 Snapdragon 865 Processor: OctaCore available KindaCore available 104999 screen size camera full spec Galaxy S20+ is one of the most enhanced premium Android phones you can buy and has a lot of features that take months to explore. Inside, you've found the new Exynos 990 combined with up to 16GB RAM and 512GB of storage. The S20 Ultra also locks the 108MP primary camera combined with a 48MP periscope centripphoto camera along with ultra-wide and ToF 3D sensors. On the front you get the most adjusted display measuring 6.9 inches with QHD+ resolution, 120Hz refresh rate and HDR10+ certification. Specifications Screen Size: 6.7 (1440 x 3040) Camera : 108 + 48 + 12 | 10 MP RAM: 12 GB Battery: 5000 mAh Operating System: Android Soc: Octa Core Processor: NA Available 77190 Screen Size Camera Read Review Full Spec OnePlus 8 Pro, not Rock with Snapdragon 865 Two 48MP cameras are supplied on the back in combination with another telephoto lens. It is also highly ergonomic to rock and hold the luxurious 120Hz QHD + AMOLED display. What makes this one of the best smartphones to buy now is a stable and smooth software experience. Specifications Screen Size: 6.78 (3168 x 1440) Camera: 48+8+48+5|16 MP RAM:8GB Battery:4510mAh Operating System:Android Soc:Qualcomm®Snapdragon™865 Processor: Octa-Core Available Snapdragon: O cta core available 54999 screen size camera review Full spec OnePlus 8T take some things from both OnePlus 8, and 8 Pro, and you can probably buy the most practical flagship smartphone. You get one of the best display experiences thanks to flat FHD+ 120Hz AMOLED panel and decent photos from 48MP quadStacked, it is a quick and responsive UI that really makes it one of the best smartphones to buy. Specifications Screen Size: 6.55 (1080 x 2400) Camera: 48+16+5+2|16 MP RAM:8GB Battery:4500mAh Operating System:Android Soc:Qualcomm SM8250 Snapdragon 865+ Processor: Octa-Core Available 42999 Screen Size Camera Read Review Full Somi 10 It is the company's first flagship smartphone in India in a few years. And it's packed with the latest features. This includes the flagship Snapdragon 865, up to 8GB LPDDR5 RAM and 256GB UFS 3.0 storage. The phone also shakes a bright and vibrant 6.67 AMOLED display with HDR10+ support. But the phone's biggest pull is the rear 108MP camera, combined with another ultra-wide lens, macro lens and depth sensor. The phone also supports 30W fast wireless charging and comes with a 4,500mAh battery. Specifications Screen Size: 6.67 (1080 x 2340) Camera: 108 + 13 + 2 + 2 | 20 MP RAM: 8 GB Battery: 4780 mAh Operating System: Android Soc: Qualcomm SM8250 Snapdragon 865 Processor: OctaCore Available Available Eye Volume Review Full Spec Mi 10T Pro if you have a budget of 40,000, it may simply be the best buy. No other smartphone offers a 108MP camera, a 144Hz display and a Snapdragon 865 at that price, which is exactly why the Mi 10T Pro is hard to ignore. Get tremendous value for money even if you don't get the best flagship experience specification screen size: 6.67 (1080 x 2340) camera : 108+8+20|20 MP RAM:8GB battery:5000mAh operating system: Android Soc: Qualcomm SM8250 Snapdragon 865 Processor: OctaCore Outstock Is Just Kins 39999 Screen Size Camera Reading Review Full Spec OnePlus Nord is shy under Rs 30,000, but the experience is as smooth and fast as the OnePlus 8 Thanks to the Snapdragon 765G under the hood, the phone works without a hit. It also has more than 300 software optimizations in place, and combined with a 90Hz display, it's an attraction in itself using the OnePlus Nord. The camera output is also very similar to the OnePlus 8, which is definitely a good thing given that it is a much cheaper price. All in all, OnePlus Nord just works and that's why it's one of the best Android phones you can buy right now. Specifications Screen Size: 6.44 (1080 x 2400) Camera : 48+8+5+5+2|32 MP RAM:8GB Battery:4115mAh Operating System:Android Soc:Qualcomm SDM765 Snapdragon 765G Processor: Octa-Core Available Video Game Available Video Size Camera Read Full Spec ROG The Phone III is a huge device aimed at a small set of high-intensity mobile gamers. The ROG Phone III features Snapdragon 865+, which allows up to 12GB LPDDR5 RAM and 256GB UFS 3.0 storage, a 144Hz display and AirTriggers 3.0 to be split into two features. there's a lot going on for the most part with ROG Phone IIIIt's made to make one thing great - a game. Something it does with absolute authority. Specifications Screen Size: 6.59 (1080 x 2340) Camera : 64 + 13 + 5 | 24 MP RAM: 12 GB Battery: 6000 mAh Operating System: Android Soc : Qualcomm SM8250 Snapdragon 865+ Processor : OctaCore All Available Square Size Cameras 12 + 16 + 12 + TOF |10 MP Read Review Full Spec Samsung Galaxy Note10+ is one of the best Android flagships on the current market. The device offers an excellent display, plus Samsung has improved the performance of the Note10+ camera, especially in the dark. Many of these factors and other features, including how to make use of the S-Pen, earn you a second spot on the Galaxy Note10+ list. It is now India which is one of the best Android phones available. Specifications Screen Size: 6.8 (1440 x 3040) Camera : 12 + 16 + 12 + TOF | 10 MP RAM: 12 GB Battery: 4300 mAh Operating System: Android Soc: Exynos 9825 Processor: Octa Available 74999 Screen Size Camera Reads Review Full Spec 5G Bit Is Not Really a Problem, but iQ OO 3 5G makes it faster than all other Android flagships today. The new chipset matches the latest LPDDR5 RAM and UFS 3.1 storage, which this device will get for power users. Needless to say, this doesn't slow down at all, and what's more, you're going to see two pressure-sensitive buttons on the edges that will help you with the game. On the back is a 48MP quad camera setup, with another selfie camera drilled into the display. Specifications Screen Size: 6.44 (1080 x 2400) Camera : 48+8+13+2|16MP RAM: 6GB Battery : 4370mAh Operating System : Android Soc : Qualcomm SM8250 Snapdragon 865 Processor : Octa Available Octa Available Mobile Phone Seller Price Samsung Galaxy Note 20 Ultra Amazon 104999 Samsung Galaxy S204999 Samsung Galaxy S20199 Plus 8T Amazon 42999 Komai Technology 10 Amazon centimeters 49999 Mi 10T Pro 5G Flipkart '39999 OnePlus Nord Amazon Cartel 27999 Asus ROG Phone III Flipkart '49999 Samsung Galaxy Note 10 Plus Amazon 74999 IQOO 3 5G Amazon 36990 Hot Deals See All Samsung Galaxy M31s (Mirage Blue, 6GB RAM, 128GB Storage) In New Mexico | Redmi K20 Pro (Flame Red 6GB RAM, 128GB Storage) An Incredible 27000 | Redmi Note 9 Pro (Interstellar black, 4GB RAM, 64GB storage) - Latest 8nm Snapdragon 720G & Alexa Hands-Free Votes |
